

Belgium Booms and Flemish Arts Centre de Brakke Grond join forces for the fifth time during Amsterdam Dance Event.

Belgium's rich presence and history in electronic music culture can hardly be overstated. Therefore it is our aim to promote Belgian electronic music, reveal the richness of Belgian nightlife and give both upcoming and leading artists and their entourage a platform at the world's biggest nightlife festival and conference.

Belgium Booms x De Brakke Grond is a collaboration between VI.BE, Wallonie-Bruxelles Musiques, Flemish Arts Centre de Brakke Grond and Amsterdam Dance Event, supported by Sabam For Culture and Visit.brussels.

VI.BE is the central point of contact for artists and the music industry in Flanders and Brussels - from amateur to professional, from local to international, regardless of genre. VI.BE builds bridges between genres and levels, and supports talent both at home and abroad.

**Wallonie-Bruxelles Musiques** is a public agency specialized in supporting music exports for the Wallonia-Brussels Federation.

Flemish Arts Centre **De Brakke Grond** has been the expert on contemporary, innovative Flemish performing arts, visual art and music in the Netherlands since 1981. As a performance/exhibition venue and networking organisation, they initiate and realise programmes and collaborations, both in their building in Amsterdam and at other locations in the Netherlands.
